LIQUIDATORS’ ACTIONS SINCE APPOINTMENT

Since my last annual progress report for the year ending 30th April 2017, I have filed this report with the members and creditors of the Company and have also filed this report with the Registrar of Companies.

I have filed the final Corporation Tax computation with HM Revenue and Customs and have advised the Revenue that the Company shall receive no further income.

There are no outstanding matters that require my attention and therefore I am seeking my release as Liquidator of the Company.

There is certain work that I am required by the insolvency legislation to undertake work in connection with the liquidation that provides no financial benefit for the creditors. A description of the routine work undertaken since my last progress report is as follows:-

1. Administration
 - Case planning - devising an appropriate strategy for dealing with the case and giving instructions to the staff to undertake the work on the case.
 - Dealing with all routine correspondence and emails relating to the case.
 - Maintaining and managing the office holder's estate bank account.
 - Maintaining and managing the office holder's cashbook.
 - Undertaking regular bank reconciliations of the bank account containing estate funds.
 - Undertaking periodic reviews of the progress of the case.
 - Overseeing and controlling the work done on the case by case administrators.
 - Preparing, reviewing and issuing annual progress reports to creditors and members.

RECEIPTS AND PAYMENTS ACCOUNT

My Receipts & Payments Account for the period from 1st May 2017 to 25th May 2017 is attached at Appendix 1.

ASSET REALISATIONS

Motor Vehicles

The statement of affairs showed plant and machinery with an estimated to realise value of £4,600. This balance was due in respect of Company motor vehicles which were sold by General Auctions Limited and the balance of £4,600 was received net of costs.

Cash at Bank

The statement of affairs showed no estimated realisation to be achieved in respect of cash at bank however upon my appointment as Liquidator of the Company; I received notification from the Company bank account that the balance of £34,974.42 was held as a credit balance on the account. This balance was realised in value and had become due in respect of the outstanding debtors had paid in to the bank account.

Debtors

Debtors were shown on the statement of affairs with an estimated to realise value of £30,000. I have realised the sum of £7,107.11 in respect of outstanding debtors. It should be noted that as above, a large majority of the debtors of the Company had paid in to the old Company account and this has formed as cash at bank.

Other Assets

There has been no realisation of assets in this reporting period. The total net bank interest received since my appointment as Liquidator is £123.10 which was received from Lloyds Bank.

LIABILITIES

Secured Creditors

An examination of the Company's mortgage register held by the Registrar of Companies, showed that the Company has no current charges over its assets.

The legislation requires that if the Company has created a floating charge after 15 September 2003, a prescribed part of the Company's net property (i.e. the money that would otherwise be available to the charge holder) should be ring-fenced for distribution to unsecured creditors. In this case there were no creditors secured by a floating charge such that the prescribed part provisions do not apply.

Preferential Creditors

The statement of affairs anticipated £5,600 in preferential creditors. Claims totaling £1,993.29 has been received.

Crown Creditors

The statement of affairs included £16,782 owed to HMRC in respect of PAYE. HMRC's final claim of £39,723.76 has been received. The increase is due to the director's assessment being replaced by the final claim from HMRC in respect of PAYE and NIC.

Non-preferential unsecured Creditors

The statement of affairs included 14 non-preferential unsecured creditors with an estimated total liability of £112,393.45, (this figure includes the claim with the HMRC). I have received claims from 10 creditors at a total of £139,146.77. I have not received claims from four creditors with original estimated claims in the statement of affairs of £2,494. I have received a claim from a creditor amounting to £672.51, this creditor did not have an estimated liability in the statement of affairs. The total claims received to date amount to £139,819.28

DIVIDENDS

There will not be any further dividends declared to non-preferential unsecured creditors as the funds realised have been used to make payments to preferential creditors, to pay prior dividends to non-preferential unsecured creditors, and to meet the expenses of the Liquidation. The dividends paid to non-preferential unsecured creditors are as follows:

- Preferential Creditors – 100 pence in the pound
- Non-preferential unsecured creditors – 0.11 pence in the pound.

INVESTIGATION INTO THE AFFAIRS OF THE COMPANY

I undertook an initial investigation into the Company's affairs to establish whether there were any potential asset recoveries or conduct matters that justified further investigation, taking account of the public interest, potential recoveries, the funds likely to be available to fund an investigation, and the costs involved. Specifically, I recovered, listed and reviewed the Company's accounting records; obtained and reviewed copy bank statements for the months prior to the Company ceasing to trade from the Company's bankers; and compared the information in the Company's last set of accounts with that contained in the statement of affairs lodged in the liquidation and made enquiries about the reasons for the changes.

There were no matters that justified further investigation in the circumstances of this appointment.

Within six months of my appointment as Liquidator, I am required to submit a confidential report to the Secretary of State to include any matters which have come to my attention during the course of my work which may indicate that the conduct of any past or present Director would make them unfit to be concerned with the management of the Company. I would confirm that my report has been submitted.

PRE-APPOINTMENT REMUNERATION

The Board previously authorised the payment of a fee of £4,000 plus VAT for my assistance with preparing the statement of affairs and convening and holding the meeting of creditors at a meeting held on 6th March 2014. The fee for preparing the statement of affairs and convening and holding the meeting of creditors was paid pre-appointment by the Company.

LIQUIDATORS' REMUNERATION

My remuneration was approved on a time cost basis. My total time costs to 25th May 2017 amount to £37,413.50 plus VAT, representing 184.9 of hours work at an average charge out rate of £202.34 plus VAT, of which £595.00 plus VAT, representing 3.3 of hours work, was charged in the period since my last annual progress report at an average hourly rate of £180.30 plus VAT.

I have not drawn any remuneration in this period, however I have drawn the sum of £26,231.17 plus VAT in respect of the whole period which amounts to an average hourly rate £141.87 plus VAT in respect of the whole period.
